

Upper Key Stage 2— Africa Pt 2. Summer 2nd. 2021

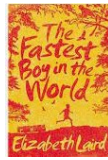

Week 1: (4 days)

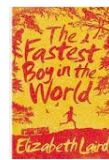

Week 2:

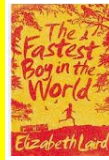

Week 3:

Week 4:

Week 5:

Week 6:

Session 1: DT Project: Market Research, African Chapati: Market Research.

LO: I am learning to examine a commercial food product.

Market research on current Chapati's including packaging.

Session 2: Science: States of Matter:

LO: I am learning recall and use previous learning.

Children will review the key words needed in this topic and undertake a series of challenges which will review previous learning.

Session 3: DT Project: Designing.

African Chapati: Design process.

LO: I am learning to plan the design and process of creating a Chapati.

Planning their recipe for an African Chapati.

Session 4: DT Project: Cooking African Chapati: Cooking.

LO: I am learning to prepare and cook a product I have designed.

Cooking Chapati using the fire and hot plate in Forest School.

Session 5: Science: Dissolving.

LO: I am learning to know that some materials will dissolve in liquid to form a solution.

Children will investigate the quickest way to dissolve sugar in water or jelly.

Session 6: DT Project: Evaluating

African Chapati: Evaluating.

LO: I am learning to evaluate a product I have made.

Evaluating Chapatis made.

Session 7: Geography: Trendy Trade

LO: I am learning to understand what trade is and why it is so important for countries to trade with others.

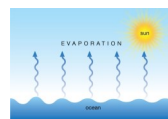

Children to learn about trading and it's importance for countries around the world.

Session 8: Science: Solutions.

LO: I am learning to describe how to recover a substance from a solution.

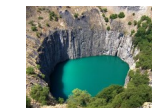

Children will investigate different ways to recover salt from a solution using evaporation.

Session 9: Geography: Diamond Digging.

LO: I am learning to identify trade links around the world - focus on diamonds.

Locating African Diamond Mines and learning about their export.

Session 10: Geography: Coffee Commerce.

LO: I am learning to understand the importance of coffee trade to East African countries.

Looking at coffee plantations and the journey a coffee bean makes from production to consumption.

Session 11: Science: Separating Mixtures.

LO: I am learning to use knowledge of solids, liquids and gases to decide how mixtures might be separated.

Children will have to separate all the materials in a mixture using magnets, sieving etc.

Session 12: River Study Visit:

LO: I am learning to make field notes and observational notes about a local river.

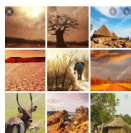

Fieldwork Study of a local River.

Session 13: Art: Creating Collages:

LO: I am learning to choose the most appropriate materials to fit the purpose.

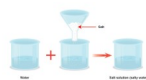

Children learning the process of collage 'painting with paper.' Children to complete different halves of chosen African themed pictures using paper fit for purpose.

Session 14: Science: Reverse that state.

LO: I am learning to demonstrate dissolving, mixing and changing of states are reversible.

Children will mix a range of materials together and then investigate whether they can be recovered to their original state.

Session 15: Art: Creative Collages:

LO: I am learning to convey a definite theme which is apparent to any viewer.

Children to use the collage technique to 'paint a picture' of an African landscape of choice.

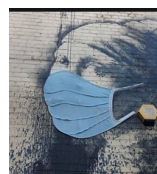

Session 16: SMSC Day: Moral Day.

(2nd July 2021)

Session 17: Artist Day:

Banksy

Session 18:

Move up Day 2021.

ICT

Purple Mash

Year 5: Concept Maps

Year 6: Quizzing

Music

Charanga

Year 5: Reflect, rewind, replay

Year 6: Reflect, rewind
replay

Artist Day:

Banksy

P.E:

PE: Trampolining

Games:

Year 5: Athletics

Year 6: Swimming

R.E:

Islam

What does the Qur'an

Reveal to Muslims?

P.H.S.E :

Year 5: RSE

Year 6: RSE

French:

Rigolo 2: Unit 12:

On va faire

Le fete
